DARRYL EDWARDS APPOINTED AS PRESIDENT AND CHIEF EXECUTIVE OFFICER OF ECI TELECOM

PETACH TIKVAH, ISRAEL – July 10, 2012 – ECI Telecom, a global provider of next-generation solutions, today announced that, effective August 1st, 2012, Darryl Edwards will join ECI Telecom as its President and Chief Executive Officer.

Mr. Edwards has more than 30 years of international experience in the telecommunications industry. Most recently, Mr. Edwards was the Chairman of MACH, and telecommunications advisor to Warburg Pincus.

Prior to MACH, Mr. Edwards was the Chief Executive Officer of AIRCOM International and previous to this, he spent 17 years at Nortel Networks, where he held several executive positions rising to the position of President of Global Sales where he was responsible for revenues in excess of \$10 billion annually.

During his career, Mr. Edwards has held a number of senior positions including Chairman of the Board for Netas, which was listed on the Istanbul stock exchange. He was also the Chairman of the Nortel Networks Israel Joint Venture, which he also formed and become the first CEO in 2000. Between 2001 and 2003, he was the Chief Executive Officer of Nortel Germany, a joint venture with EADS, where he led the company through a complete restructure.

He was also a member of the Inward Investment Advisory Counsel to the Turkish government between 2004 and 2008, and has also been an active member of the UK Broadband Stakeholders Group and the Information Age Partnership.

EXECUTIVE PERSPECTIVES

"The board is delighted that Darryl has joined ECI Telecom. Apart from his vast management and international experience, Darryl brings with him an in-depth knowledge and understanding of the telecommunications industry that will greatly benefit the company."

Rafi Maor, Chairman, ECI Telecom

"I am delighted to join ECI Telecom as the President and Chief Executive. It has a fantastic global customer base and a reputation for technology innovation and market leadership in the provision of next-generation solutions."
