

Environmental, Health & Safety Policy

ECI Telecom is driven to provide our worldwide carrier Customers with network infrastructure that will enable them to address their business challenges today and in the future.

Within this statement and its scope of activities, **ECI Telecom** has established, implemented and maintains **Environmental, Health & Safety** Integrated Systems.

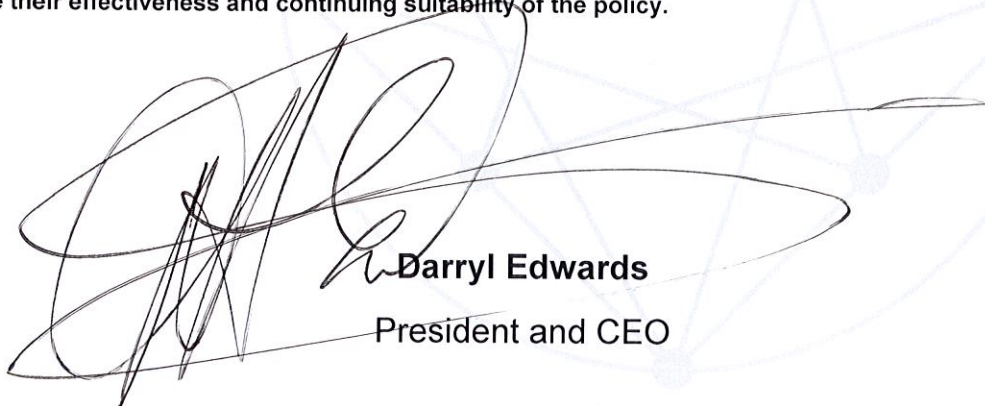

ECI Telecom is committed to achieving high standards of environmental quality and product safety, and to providing a safe healthy work environment for its employees, contractors and visitors.

ECI Telecom complies with **ISO 14001** and **OHSAS 18001** requirements with respect to its scope of activities, including design of products, manufacturing and service and in accordance with legislation, regulations and other related requirements.

Within this framework, **ECI Telecom** is committed to:

- **Conserve natural resources** and reduce the environmental burden of waste generation and emissions to the air, water and soil.
- **Reduce risks and remove hazards** by their systematic identification, assessment and control, and by encouraging employee awareness, individual obligation and proactive involvement.
- Develop, manufacture, market and service **products that are safe** for their intended use, friendly for the environment, and that can be reused, recycled, or safely disposed of.
- **Continuously improve** its Environmental, Health & Safety Management Systems and performance.

ECI's Management is committed to this Environmental, Health & Safety Policy and will periodically review its Management Systems to ensure their effectiveness and continuing suitability of the policy.
